

MICROBIOLOGY LAB

Microbiology Lab

- Microbiology Safety Cabinet Class II
- CYTOTOXIC SAFETY CABINETS / BIOSAFETY CABINETS
- Laminar Flow Class I
- Waste sealing system
- Emergency cleaning kits for cytostatics

- Incubators, CO2 and cooled incubators
- Ultra-low temperature freezers
- Drying and heating chambers

- Autoclaves
- Laboratory Steam sterilizers

- Air Sampler & Compressed Air Sampler

- Colony counters
- Pipettes / Dispensers
- Filtration manifolds 1-3-6 positions / Vacuum pumps

- Laboratory refrigerators and freezers
- Laboratory glassware washers – SMEG

- Analytical Balances / Laboratory Balances / Test Weights
- Microscopes and imaging
- Stereoscopes

- Ultrasonic Baths & Ultrasonic cleaners
- Centrifuges (Microlitre, Universal, Large-Volume, Filtration, Compact, Cooling)
- Water purification systems RO & Ultra Pure water
- Water Baths (Stirred, Unstirred, Shaking, Refrigerated)
- Electrochemistry instruments (pH-meters, Conductivity meters, Multiparameters, titrators)
- Overhead Stirrers, homogenizers, magnetic hotplate stirrers
- Data loggers for pasteurization and sterilisation / for cold chain / for logistics, transport and warehouses
- Solvent recycling
